Nanea Restaurant & Princeville Marketessan The Westin Princeville Ocean Resort Villas

Princeville, Kauai, Hawaii

Situated on a bluff above Anini Beach, this premium timeshare resort seeks to provide guests with a high quality dining experience at its 130-seat three-meal restaurant. Seating in the fully enclosed interior at the covered exterior terrace, in a courtyard bordered by waterfalls, or on flagstones under market umbrellas offers guests a wide selection of dining experiences. A 10-seat interior 'dark' bar provides for quiet lounging, while a Pool Bar and remote Bluff Bar provide a more active and view-oriented atmosphere.

The Marketessan, a Westin-coined term for the "gourmet market and delicatessen," provides guests with a wide range of quality gourmet foods in a quick service market-type environment. High quality self service packaged hot and cold foods, pastries, ice cream and beverages provide quick service, while the service deli counter serves sliced-to-order meats, ready-to-grill foods, gourmet deli salads and panini grilled sandwiches, along with espresso drinks and a juice bar menu. Both the Restaurant and Marketessan are serviced from the same kitchen adjacent the restaurant, which also provides room service.
