

Completion Date 2001
Cost \$75,000,000
Project Type Resort
Client WB Kukio Resorts

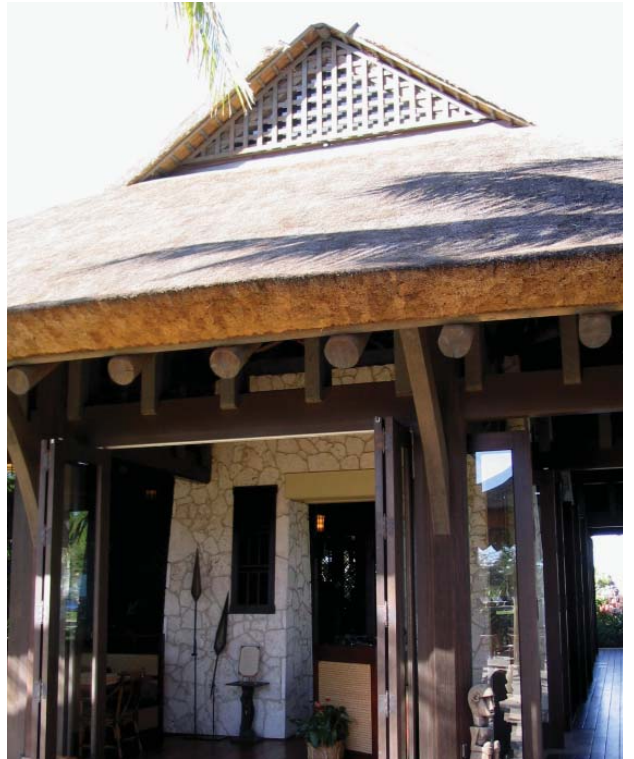

Kukio Beach Club

North Kona, Island of Hawaii, Hawaii

Design Partners Incorporated was a core member of a design consortium which included Hart / Howerton Architects of San Francisco. The master development encompasses 675 acres of raw land on the North Kona coastline of the island of Hawaii.

Phase I of the project consisted of the Beach Club which includes an arrival and administrative lodge, restaurant, a health spa complex and recreational facilities. In addition, 11 rental cottages and 25 villas are included in Phase I. The overall theme for the development stresses the graciousness of the historic Hawaiian lifestyle. Subsequent phases include an 18-hole golf course, 133 homes and 116 residential estate lots.
