Piilani Place Commercial Center

Kihei, Maui, Hawaii

This 1.69 acre, 70,000 sf mixed use commercial/office complex is located along Honoapiilani Highway, a State highway en route to Wailea and Makena Resorts in South Maui. The ground level of the center is occupied by retail and dining establishments, with the upper two levels occupied by office tenants. Due to its elevated location above the highway, the upper office floors have excellent ocean views to the south coast of the island. A 3-level parking structure is connected to the building via pedestrian bridges and stairs, and provides 252 stalls, with access from two sides of the site.
