

Completion Date 1993
 Cost \$30,000,000
 Project Type Multi-Family Residential
 Client Castle & Cooke Homes Hawaii, Inc.

Mililani Mauka, Unit 103 'Hampton Court'

Mililani, Oahu, Hawaii

This luxury townhome project was one of the first in Hawaii to be designed using the "Manor Home" concept. The 100- unit project was designed to resemble large single family homes aimed at upscale buyers who are attracted by the appearance and feeling of single family living without the associated maintenance requirements. The spacious floor plans include features normally found in high-end single family homes such as direct-access garages, fireplaces, wood cabinets and solid-surface countertops, wood moldings on windows and doors and fenced private yards.

Awards  1992 BIA Parade of Homes 'Division Winner'
